**WHAT IT IS:**
Flex-a-chill Radiator Coolant Additive; part #500166

**WHY YOU WANT IT:**
Flex-a-lite introduces its first-ever engine-coolant additive. Flex-a-chill delivers cooling and protection that reduces the temperature of the cylinder heads without the need of additional coolant gels.

**WHERE TO GET IT:**
Flex-a-lite Consolidated
7009 45th St. Ct. East
Fife, WA 98424
253-922-2700
www.flex-a-lite.com

**WHAT IT IS:**
PPE Race Exhaust Manifold & Up-pipes; part #1161110

**WHY YOU WANT IT:**
High-flow exhaust manifolds and up-pipes lower EGTs, reduce drive pressure and accelerate turbo spoolup, while maintaining reliability. Perfect for upgraded turbo systems and nitrous-equipped trucks with high EGTs. Will also improve performance and fuel economy of engines/turbos with or without upgraded fuel systems.

**WHERE TO GET IT:**
PPE
303 N. Placentia Ave., Suite D
Fullerton, CA 92831
714-985-4825
